

Abundant Funds Christmas Collection

The main focus of Abundant Funds is to provide a fun and safe program that will enable Christian Schools to have the funds for the educational tools, equipment, and supplies that they need to continue growing in their ministries. Our uncompromising values and "not politically correct" message have brought us a long way in the fundraising industry. Currently we are the #1 Product Fundraiser in the United States, averaging \$99.83 in retail sales per student enrolled, the highest in the U.S. What do we mean by "uncompromising"? Abundant Funds does not offer any New Age products, or products that offend a Biblical position. We believe in keeping the focus of Christmas on the birth of Jesus Christ. Many of their greeting cards contain KJV Scripture Text. In the year 2006, students distributed over 1,434,000 KJV Bible verses through these cards.
