Chapel

WALK BY FAITH

HEBREW 11

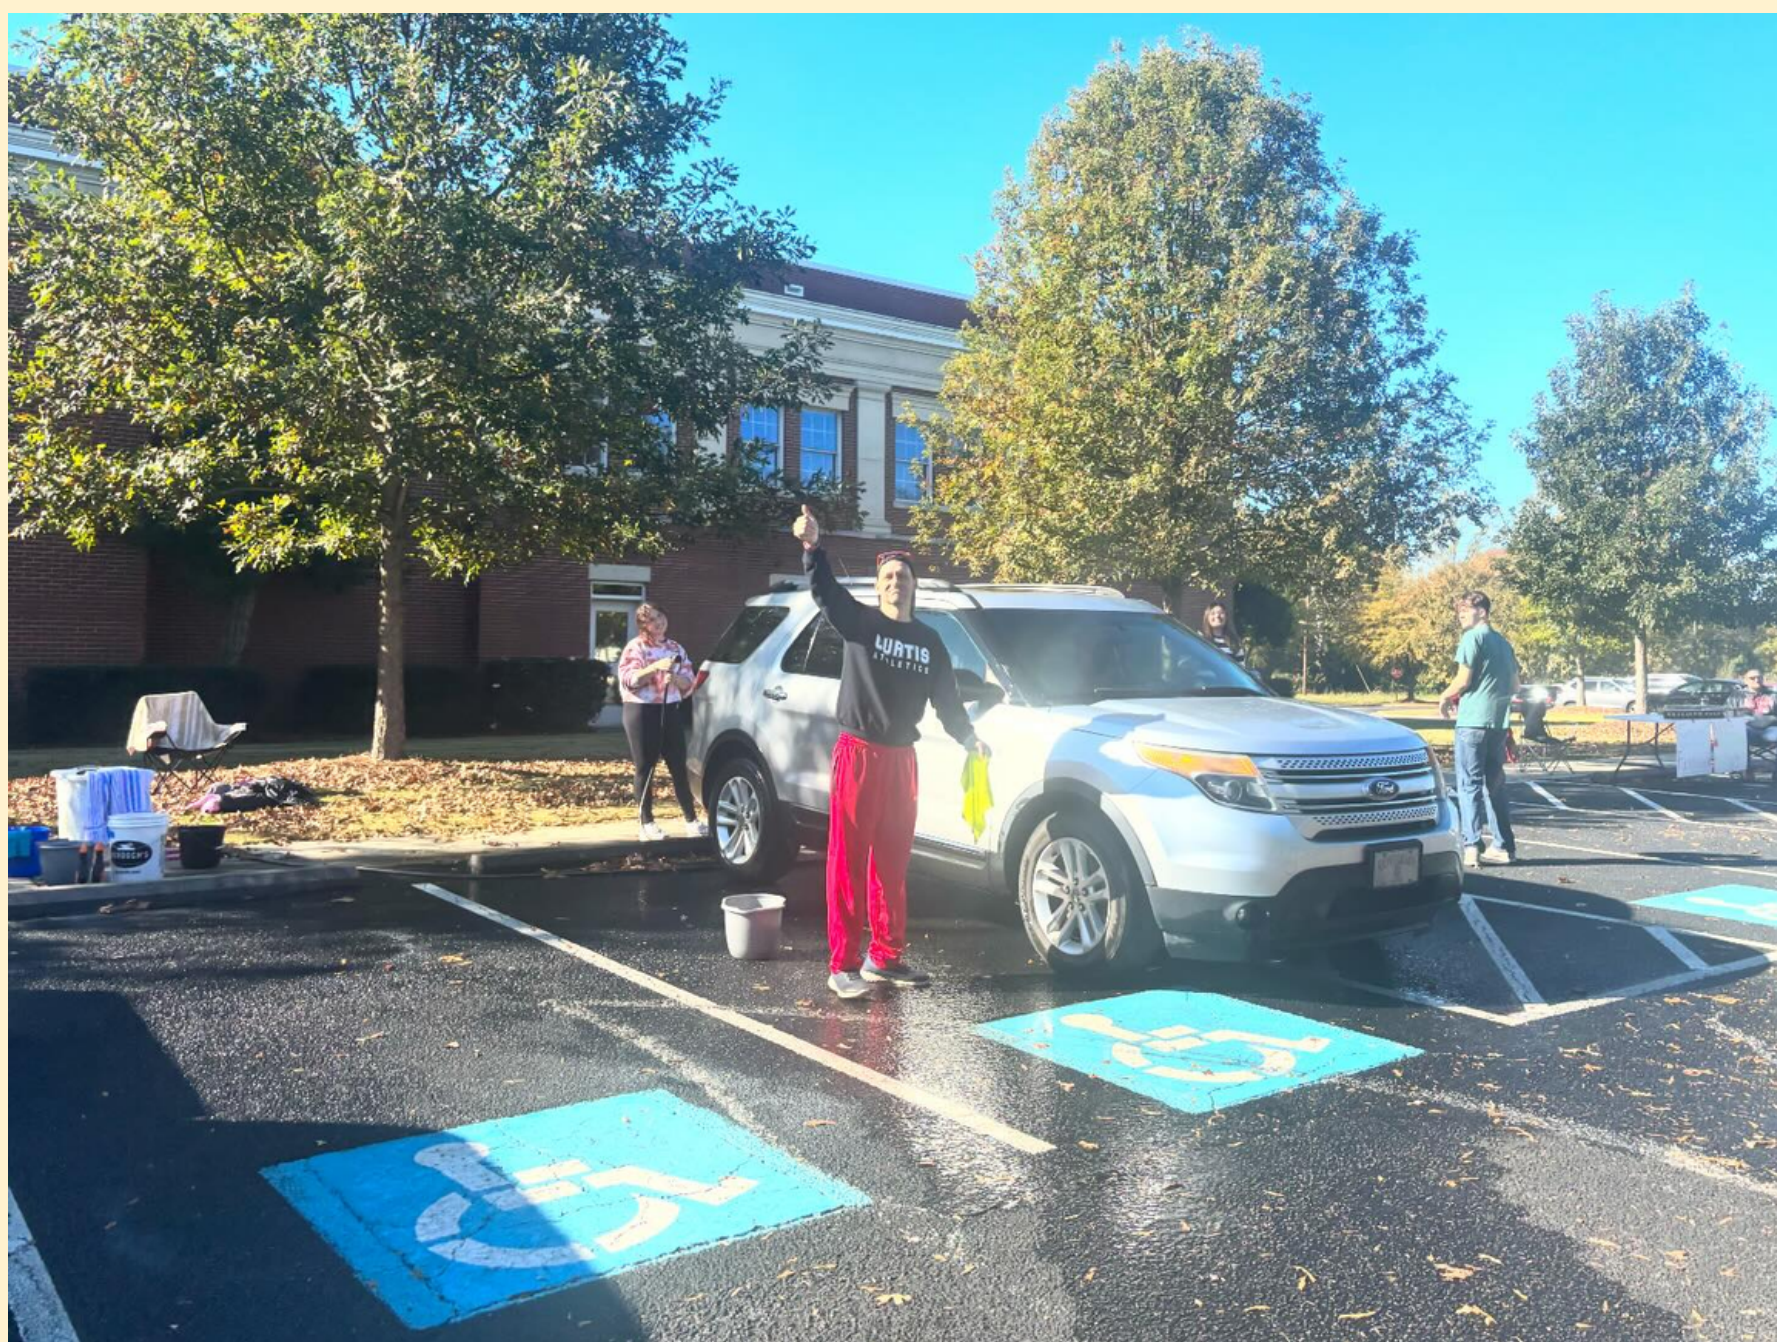

Chapel is a time we take to worship and talk and learn about God. Our theme is Hebrews 11. The song choices are really good. Sometimes chapel is where we hear about upcoming events. Our chapel is such a great and fun time of our week.

Mr. Phillips, Head of School

As we approach the Thanksgiving season, I always reflect on the events of the year and am reminded of how ungrateful we are at times. God has blessed us in so many ways that we tend to take for granted everything He has allowed us to have. I am thankful for salvation and the hope we have of eternity with Christ.

I am thankful for the freedoms that we will have as a nation and am thankful that we have the freedom to present the gospel and a biblical worldview at Curtis Baptist School. I'm thankful for the families that have partnered with us this year.

I am thankful for the faculty and staff God has sent us to serve in this ministry.

I am thankful for the opportunity to be a part in leading this ministry.

I hope that everyone takes time during Thanksgiving week to spend time with family and focus on being thankful, not just during Thanksgiving, but year-round.

Kellie Nieves, Preschool Director

CBS Preschool students are busy this season refreshing on letter and number recognition as well as learning about the seasons. K3 and K4 are working on their fine motor skills for handwriting and scissor cutting by using playdough, kinetic sand and even shaving cream. Students are growing in their gross motor as well as social and emotional skills are developing through indoor and outdoor play. Fall has been fun getting to see the students partake in activities revolving around the season. K4 students have conducted science experiments and started to practice for their part in the Christmas program coming up in December. Thank you to all the families who donated items to help the Fall Festival. We are grateful for entrusting your child to us this year!
